FINANCIAL DEPARTMENT.

COMPTROLLER'S OFFICE.

Circular No. R. 197, *dated the* 5*th January* 1909.

To—All Heads of Departments and Deputy Commissioners of Districts.

Sir,

It is likely that, owing to the present scarcity, considerable expenditure will be incurred in almost all the departments of the State which under the rules of classification given in the Mysore Famine Code, has to be exhibited in the accounts as "Indirect Famine Expenditure." Expenditure incurred not exclusively and primarily on Famine relief, but only incidentally, *e.g.*, additional establishment consequent on increase in work, grain compensation allowance, extra travelling allowances in connection with Famine operations, and increased contingent charges come under this class of Indirect Famine Expenditure. These charges are debitable to the departments concerned and not to the major head "Famine Relief," but it is nevertheless desirable that the amount of such indirect expenditure on account of scarcity incurred in the State should be readily ascertainable. I have therefore the honour to request that all Heads of Offices who draw bills on the Treasury will be so good as to show, commencing with the 1st January 1909, all such incidental charges separately in their bills so that such charges may be easily separated in this office and shown as such in the Register of "Indirect Famine charges" maintained in this office under the heads concerned. A separate statement for the charges, if any, incurred during November and December 1908, may be attached to the bill for January cashed in February for entry in this Register.

2. In order that there may be uniformity in the several departments in the system of showing such charges in bills, the following instructions are issued:—

(1) In the case of establishments, after the usual sanctioned scale is shown in the bills the additional establishments, if any, sanctioned on account of increase of work in connection with Famine operations, shall be shown separately under the heading "Indirect Famine Expenditure." The grain compensation, if any, sanctioned for this additional establishment will be shown in accordance with the Circular instructions already issued on the subject. At the end of each bill an abstract will be furnished as under:—

I. Ordinary expenditure ... ... Rs. .....
II. Indirect Famine Expenditure—
(*a*) Grain compensation allowance for ordinary establishment. Rs. .....
(*b*) Cost of additional establishment including grain allowance for such establishment ... ... Rs. .....

Total Rs. .....

Grand Total (in words as well as in figures).
